Eliane Tapia Santa-Gadea

PRODUCT DESIGNER I UX/UI DESIGNER

Lima, Peru · betzyeliane@gmail.com · +51 999 846 464
linkedin.com/in/elianetapia · elianetapia.com

Product Designer with 5 years of experience across fintech, sports, and health & wellness, working remotely with U.S. teams. I turn complex workflows into clear, usable web and mobile experiences, from early problem definition to design systems and production-ready interfaces. I collaborate closely with product and engineering, bringing technical fluency and AI-assisted workflows to help designs move from concept to shipped product.

EXPERIENCE

Ravn · Product Designer

May 2021 – Aug 2026 · Remote

Multi-Location Commerce & Admin Platform

Health & Wellness · U.S. market | Dec 2025 – May 2026

- Designed an admin, storefront, and POS ecosystem for multiple clinics, with shared standards and location-specific pricing and visibility.
- Delivered product management and appointment scheduling flows, from internal configuration to checkout.

Mortgage Loan Management Platform

FinTech · U.S. market | Apr 2025 – Dec 2025

- Redesigned a legacy platform for loan officers and banks, clarifying dense financial workflows.
- Simplified dashboards with scalable patterns for large datasets and clear empty and error states.

The Estimator · AI-Powered Project Estimation

Internal AI tooling | Jan 2025 – Feb 2025

- Designed the full workflow in Pencil, from a project brief to AI estimates, senior review, and feedback.
- Implemented my designs in production with AI assistance, contributing ~52 commits, ~12 PRs, and code reviews.

Youth Sports Audio Experience App

Sports Management · U.S. market | Nov 2024 – Feb 2025

- Led iOS and Android design for AI-generated player introductions, including permissions for managers, parents, and players.
- Designed a privacy-first experience for minors with minimal data exposure.

SKILLS & TOOLS

Design: Workflow mapping, information architecture, interaction design, user flows, design systems, reusable components, prototyping, web and mobile design (iOS & Android).
Collaboration & delivery: Product–engineering collaboration, design handoff, AI-assisted implementation, iteration in production, pull requests and code reviews.
Tools & technical: Figma, Pencil, Lottie, Shadcn/ui, React, Git/GitHub, Claude Code, Codex, MCP, Miro, Linear, Notion, prompting and context engineering.

EDUCATION & CERTIFICATION

UX Design · Laboratoria, Lima · 2020
Claude Certified Architect – Foundations (CCA-F) · Anthropic · 2026
